## EDUCATION

**Vidya College of Engineering, Meerut**

*B.Tech - Computer Science and Engineering - CGPA - 7.9 (till 6th sem)*

**August 2021 – present**

*Meerut,Noida Uttar Pradesh*

**Millennium Public School**

*Intermediate - PCM - 82%*

**April 2020 – March 2021**

*Meerut, Noida-Uttar Pradesh*

## PROJECTS

**LeaseLounge** [↗](#) | [NextJs](#),[ReactJs](#),[TailwindCSS](#),[NextAuth](#),[MongoDB](#),[Google OAuth](#)

**2024**

- Developed a full-stack real estate application using Next.js, React, and MongoDB, deployed on Vercel.
- Enabled user interactions such as bookmarking properties, sharing listings, and contacting property owners.
- Utilized server-side rendering for optimized performance and SEO.

**Diary-Doodle** [↗](#) | [Java](#),[SpringBoot](#),[Lombok](#),[JavaMailSender](#),[Hibernate](#),[JWTAuth](#),[SpringSecurity](#)

**2024**

- Built a secure journal application using Java, Spring Boot, Hibernate, and JWT Authentication.
- Implemented features like user registration, login, and CRUD operations with Spring Security, enhancing data privacy and user experience.
- Integrated SLF4J for logging and monitoring application performance, ensuring efficient error handling and improving application reliability.

**Movie-Matrix** [↗](#) | [ReactJs](#),[JavaScript](#),[HTML](#),[TailwindCSS](#),[MongoDB](#)

**2024**

- Developed a dynamic web application for browsing and searching movies using React.js, Node.js, and TMDB API integration.
- Implemented responsive design, user authentication, and efficient state management, enhancing the user experience and engagement.
- Optimized API calls and implemented lazy loading to improve application performance and reduce load times.

## INTERNSHIP

**CodSoft** [↗](#)

**Sept 2023 – Oct 2023**

*Summer Intern*

*Remote*

- Utilized technical skills in web development, including HTML, CSS, JavaScript, and React.js, to design and implement responsive user interfaces, enhancing user engagement and improving site performance by 30%. Collaborated with cross-functional teams to integrate backend services using Node.js and RESTful APIs, ensuring seamless functionality and robust data management.

## TECHNICAL SKILLS

- **Languages:** Java, JavaScript, Python, C/C++
- **Technologies/Frameworks:** HTML5, CSS3, MongoDB, Express, ReactJs, NextJs, NodeJS, Bootstrap, SpringBoot, TailwindCSS, Flask, Django
- **Developer Tools:** VS Code, PyCharm, IntelliJ, Canva, Linux

## ACHIEVEMENTS

- **Languages:** Java, JavaScript, Python, C/C++
- **Technologies/Frameworks:** HTML5, CSS3, MongoDB, Express, ReactJs, NextJs, NodeJS, Bootstrap, SpringBoot, TailwindCSS, Nodejs
- **Developer Tools:** VS Code, PyCharm, IntelliJ, Canva, Linux

## EXTRACURRICULAR

- Leadership
- Team-Working
- Interpersonal-Skills
- VolleyBall
